

# Second Minute Book

## Part 1

Containing the minutes of meetings  
held from  
2 February 1930 to 8 June 1933

## Notes

1. Although by the middle of the twentieth century a more rigid spelling of surnames had been achieved, the various secretaries of the Society often misspelt members names. In order to facilitate electronic searching though this document, **some** surnames and proper nouns in the transcription have been changed to what is thought to be the correct spelling. Where such a change has been made then the new word is shown in italics, and the actual written word may be seen in the photograph of the actual page. For example William (Bill) Beddows is often written as Beddow. All such instances have been amended to *Beddows*. A very interesting situation is that of Albert T(opham) Meens who died in 1965. During his later days within the society he was referred to as A T Means, and the timeline of the new book *Feathers and Flames* page 77 records his death as A T Means. In fact Albert was born (in Wakefield) with German grand-parents with the surname Meenz, a name which he used on the 1911 census. His death certificate is in the name of Meens and therefore this is the name which is used throughout this transcription.
2. Because of an error in the count of the Society's Annual Show (there were two 88<sup>th</sup> shows) which was not discovered until just prior to the 150<sup>th</sup> show all the counts recorded in this minute book are incorrect by one year. The transcript **has not** been amended to show the correct count.

It is with keen regret we have to record  
the severance of another link with the  
Tulip Society, Mrs J W Jacques - widow of  
Mr J W Jacques who died  
retired from the Brunswick Hotel July 24<sup>th</sup> 1929  
to live in retirement. The Jacques family  
have been at the Brunswick for 67 years.  
Three generations of the Jacques family  
have been in charge of the Brunswick.

The new landlord is Mr A  
Scholey late of the Saw Hotel.

The 94<sup>th</sup> annual Exhibition was held at the headquarter Brunswick Hotel Wakefield on Sat May 31st 1930. The growing season had on the whole been favourable, the cool sunless weather with a medium temperature would have been ideal but for a few nights of very keen frosts. The Show was one of the best ever seen this was the unanimous opinion of all the growers. Mr Needham won the Cup with a fine stand of 9 blooms: The Mayor of Wakefield presenting the Cup to him. This ceremony was photographed and a pictorial record made, marking a fresh development in the history of the Society being the 1<sup>st</sup> time this has been done. The vases of tulips down the centre of the table was a pronounced success. The full list of prizes is appended in the reprint from the Wakefield Express.

The 96th Annual Exhibition was held at the Brunswick Hotel Wakefield on Saturday May 28th 1932.

Weather conditions were against a good show. The whole of April and May was persistently wet, very heavy downpours alternating with hail storms and intermittent sunshine played havoc with the blooms.

There was only one entry in the Open class for the Cup, the winner Mr F Fox thus securing the honour automatically. Mr C J Fox of Birmingham was unable to pick three breeder blooms from his beds of over 500 of this type. The president of the Society Mr Needham was also unable to show nor was he present. The Silver Cup in the

local class was offered for the first time and here again the weather was a disappointment as it militated against a good competitive display.

The vase class still adds variety and charm to the Show, one vase though outside the schedule conditions - attracted considerable attention was a vase of Parrot Tulips brought by Mr C J Fox of B'ham. The winners in the class were respectively Mrs I Hewitt, Miss King and Mrs Gill.

The Mayor of Wakefield Ald S Butterworth opened the Show supported by Ald R J L Anderson Mr C J Fox presided over the opening ceremony.

In view of the fact that we are drawing near to the official Centenary of the Society the Secretary J. Hewitt while searching among old records came across the following facts:-

In the Wakefield and Halifax Journal - a weekly paper published at 7<sup>d</sup> per copy - is a report of the Wakefield Florists' Society holding their Show at the Woodman Inn on MAY 31<sup>ST</sup> 1829. This is the first Show date that I can trace, and it appears that the members were chiefly Tulip Fanciers.

It is quite likely that this Society was the origin of the Wakefield Tulip Society.

Such names as Gill, Shillito, Blackburn and Hardman appear; two of these names have always been associated with Tulip growing for a very long period.

At this Show all the blooms were shown in single classes. Some of the names of flowers were Trafalgar Magnifique, Gloria Mundi, Bells King Princess and Mirabella.
