

BOTANICAL AND ZOOLOGICAL GARDEN.—This garden was opened on Monday last, when the members of the Wakefield Floral Society held their annual tulip show, which was the best that has ever taken place in Wakefield both as to the quantity and quality of the flowers. The room was elegantly decorated with tastefully arranged bouquets, which added greatly to the effect. The room is exceedingly well adapted for exhibitions of this nature, and we sincerely hope that the spirited proprietor, Mr. Hazelgreave, will not be suffered to lose in his attempt to afford a rational and gratifying source of amusement.
